USING REAL EXAMPLES

2 Write six types of TV shows and a real-life example for each one.

TV shows	Examples

3 Match the descriptions with the film words.

- This person makes the film.
- This person is in the film.
- This person films the actors.
- This is the text of the film.
- The actors wear these.
- This person puts colour on the actors' faces.

- a make-up artist
- b script
- c actor
- d costumes
- e camera operator
- f director

4 Complete the sentences with the words in the box.

costumes digital camera make-up artist
set sound engineer

- You use a _____ to take photos.
- Your face looks terrible! Go and see the _____!
- I can't hear anything on the video. Where is the _____?
- All the actors are on the _____ now.
- Are all the actors wearing their _____?

5 Match the words to make different types of TV shows or jobs in movies.

- | | |
|-------------|------------|
| 1 chat | a opera |
| 2 soap | b operator |
| 3 on-demand | c artist |
| 4 make-up | d show |
| 5 sound | e series |
| 6 camera | f engineer |

6 Circle the correct options.

All the actors are on the ¹set/ game show. It's the first episode of a new ²chat show / soap opera about a rich family in Colombia. The director is shouting at the actors. 'Please stop talking! This isn't a ³sports show / chat show!' he says. 'Julia, you aren't wearing the right ⁴costume/ script! Claudio, you look terrible! Go and see the ⁵camera operator / make-up artist immediately!' Finally, everything is ready and the director sits behind his ⁶camera/ script.
